Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

- Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.
- Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
- Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):
 - School officials with legitimate educational interest;
 - Other schools to which a student is transferring;
 - Specified officials for audit or evaluation purposes;
 - Appropriate parties in connection with financial aid to a student;
 - Organizations conducting certain studies for or on behalf of the school;
 - Accrediting organizations;
 - To comply with a judicial order or lawfully issued subpoena;
 - Appropriate officials in cases of health and safety emergencies; and
 - State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.

For additional information, you may call 1-800-USA-LEARN (1-800-872-5327) (voice). Individuals who use TDD may call 1-800-437-0833.

WELCOME TO BACONE COLLEGE

We would like to extend a warm Bacone College welcome to those of you who are the newest members of our community and a welcome back to our students returning for continued studies at BC.

To make your transition into this academic year as successful and rewarding as possible, Student Life is pleased to provide you with this Student Handbook. Your college years are a time of personal and spiritual growth and discovery. This handbook will introduce many of the different opportunities available to you at Bacone College and in the local community.

We hope that this academic year will prove to be a productive learning experience for you--one that will be conducive to intellectual discovery, bring you to a variety of campus events, involve you in a recognized student organization or a sports team, lead you to actively participate in community service, and perhaps engage you in artistic creation.

This handbook is not a contract. It provides information and represents certain significant policies of the College. Policies and interpretation by the administration are subject to change as circumstances warrant. Please check with the appropriate offices for updates and current application of any policy.

We wish you all the best for a safe, happy, and productive year!

Where the Ozark foothills slumber
There the Verdigris joins the Arkansas and murmurs
Onward to the sea

Where the air is sweet with cedar
There the mockingbird sings a melody of praise
More wonderful than words

Chorus

Our beloved Alma Mater
In our hearts enthroned
All hail to thee, our Alma Mater
Hail, all hail, Bacone College

Indian Braves and Indian Maidens face the sunset gold
Seeing far across the valley, challenges unfold
Oh Great Spirit, grant us wisdom, guide our steps aright
May our courage never waiver, as we climb the heights.

Academic Advisement

You will be assigned to a faculty advisor for educational and vocational guidance and advising. Since your advisor is also responsible for other students the following suggestions are offered to

help enhance your experience:

1. The name of your academic advisor is listed on the computer print out that you received from the Registrar's Office at the time you enrolled. If you have misplaced this information, it is available from the Registrar's Office.
2. Contact and keep in touch with your advisor during their office hours, which are posted on their doors.
3. Make and keep appointments. Call if it is necessary to change or cancel an appointment.
4. Come with specific questions in mind.
5. Bring necessary materials (pencils, schedule of classes, forms, etc.)
6. Discuss openly concerns regarding schoolwork, study habits, academic progress, and personal concerns.
7. Make sure you are satisfied with your schedule and career choices or share your dissatisfaction with your advisor.

You may want to visit with your advisor for:

- Adding or dropping a class.
- Receiving tutoring.
- Degree plan at pre-enrollment.
- Career information.
- Referral information.
- Withdrawal process.

When you need to see your advisor:

- Become familiar with your advisor's office hours/schedule. Whenever possible call to make an appointment rather than drop in.
- If it is necessary to drop in without an appointment, try to come at a time when your advisor is on duty; avoid the busiest time of the day, and allow plenty of time in case you have to wait.
- Because the first and last two weeks of each semester are the busiest for your advisor, schedule longer conferences during the middle part of the semester.
- If you wish to change advisors, complete the Change of Advisor form which may be obtained in the Office of the Registrar.

Attendance and Responsibility of Learning

Bacone College expects students to attend class on a regular basis and attendance is monitored. Students who are absent from class, regardless of cause, have the responsibility of communicating with the instructor to discuss missed work. The instructor will determine whether the student will be permitted to make up work and will decide the time and nature of the make-up. Students who do not appear at the time prearranged for the make-up forfeit any right to make up work. Students should be aware that absenteeism may affect not only academic progress, but also scholarship eligibility and ability to participate in extracurricular activities.

The instructor may request an Administrative Withdrawal (AW) for any student who participates in activities that infringe on the rights of others or interferes with the educational process. Faculty members have the right to remove students from the classroom should students exhibit disruptive behavior and/or cause excessive noise in the classroom. Subsequent disruptive behavior by students may result in removal from the class by the instructor. The “AW” process may also be invoked by the Administration as a result of a student being in financial arrears. A student who wishes to appeal their instructor’s dismissal decision must follow the academic appeals process.

While grades of AW are not used in computing students’ grade point average, students should be aware that dropping hours will not only affect their progress toward graduation but may also affect their eligibility for financial aid and in extreme cases cause them to be evicted from the residence halls.

Academic Honors

Semester Honor Rolls

Outstanding students are recognized each semester through the publication of the President’s and Academic Vice President’s Honor Rolls. In order to be eligible, students must have an earned GPA of 3.75 and 3.50 respectively, completed a total of 12 or more semester hours, with a grade no lower than a “B” in college level courses at the time of the final grade reporting. High school equivalency courses do not meet the criteria for inclusion in determination of honor awards.

Academic Load

A full-time student is one who carries a minimum load of 12 credit hours in the regular semester or six credit hours during summer semester.

A student should carry a normal load of 16 to 17 credit hours per regular semester. This enrollment should lead to the successful completion of all degree requirements in eight regular semesters (unless a semester of developmental courses or high school equivalency course work is needed).

Academic Dishonesty Policy

All classroom misconduct will be brought to the immediate attention of the Academic Vice President.

The fundamental principle of academic life is integrity. The college community does not condone academic dishonesty in any form. If there exists no doubt that an act of academic dishonesty has occurred the instructor has the authority to administer any of the following:

1. Not accept the assignment (or test) in question and record a “zero” for the assignment (or test). Require the student to redo the assignment (or test) or require the student to complete a substitute assignment (or test).
2. Recommend to the Academic Vice President that the student be dropped from the class

and assigned a failing grade (F) or an AW for the course. The written recommendation will include a description of the specific occurrence, including supportive documents, if applicable.

3. In cases of extreme or repeated incidents of academic dishonesty, recommend to the Academic Vice President that the student be suspended from the College. The written recommendation will include a description of the specific occurrence, including supportive documents, if applicable.

If recommendations two or three (above) are made, the student will be notified by the instructor as to what action will be taken. If the student believes an erroneous accusation had been made, the student may appeal the action. The student must file an appeal, within ten working days of notification. The Academic Vice President will hear the appeal, in the presence of the instructor and the division chair. The student and faculty member are informed in writing of the action taken.

Grievance Policy/Academic Appeals Process

Relationships between students and educators at Bacone College are based on the assumption of a mutual acceptance of certain rights and responsibilities. Disputes involving academic performance (grades) and academic misconduct (cheating, plagiarism, inappropriate possession of examinations or other course materials, etc.) can be resolved through a grievance procedure.

An academic grievance committee composed of faculty members and students will hear a case only after an attempt has been made by the involved persons to resolve their differences within the framework of the following structures:

- a) Student conferences with instructor.
- b) Student conferences with faculty advisor.
- c) Student conferences with division head.
- d) Conferences conducted by division head with all involved parties present.

A student may not file a grievance after the eighth week of the regular semester following the semester in which the grade was awarded to him/her.

Information on the procedure for filing a grievance and the procedure for hearing a grievance is available in the Office of the Academic Vice President. After the committee has heard an academic grievance, final appeal of the academic grievance procedure may be made either by the plaintiff or the defendant to the Academic Vice President of the College. An appeal must be submitted in writing to the Academic Vice President, within five working days after the decision of the Grievance Committee.

Communicable Disease Policy

Bacone College is committed to providing a working and educational environment free from health hazards to its students and employees. These policies set forth procedures to be followed when a college student or employee is afflicted by or has contracted a communicable disease or condition which may or may not be listed with the Center of Disease Control and/or the State Department of Health. The College will comply with all federal and state laws applicable to persons (students, employees and job applicants) with a communicable disease.

Confidentiality of information regarding individuals afflicted with a communicable disease or condition shall be respected to the extent allowed by law. The College reserves the right to place students in an alternate dorm room if deemed to be in the best interest of the student or other members of the student body. The College may also limit exposure of the student to other members of the student body by restricting access to campus facilities and public areas if the situation warrants.

Disclosure Policy

Bacone College retains two categories of information about current and former students: directory data and confidential data.

Upon admission, students provide data for academic and personal records. In doing so, the student entrusts the College as custodian of this information and other data generated during a student's enrollment.

Bacone College acknowledges the student's right of privacy concerning this information. The College further recognizes that certain information is a matter of public record and may be released for legitimate purposes.

The College policy regarding release of information in the student's records is as follows:

1. Directory information appears in student directories and alumni publications and may be freely released. A student desiring that the information remain confidential must file a written request with the Registrar's Office. A written request must be made prior to the end of the fourth week of each semester of attendance and applies to the following:

- Name, addresses and telephone number.
- Major and classification.
- Dates and attendance.

- Degrees and dates of graduation.
- College honors.
- Verification of student's participation in recognized activities.
- Anticipated dates of graduation based on completed honors.
- Previous institutions attended.

2. Confidential information comprises that which is contained in a student's education record and can be released only upon the student's written consent. Some expectations allow or require release of confidential information to the following ten classes of persons as defined in the Family Education Rights and Privacy Act of 1974, as amended:

- School officials within the educational institution who have legitimate education interests.
- Officials of other schools to which students seek to transfer.
- The Comptroller General of the United States, Secretary of Education, the administrative head of an educational agency or state educational agency or other state educational authorities.
- College officers who process a student's application for or receipt of financial aid.
- State and local authorities to which such information is specifically required.
- Organizations or educational agencies conducting legitimate research provided no personally identifiable information about the student is made public.
- Accrediting organizations.
- Parents upon proof of dependency as defined by the Internal Revenue Code of Governmental Authorities with a judicial order or lawfully issued subpoena, provided the educational agency or institution makes a reasonable effort to notify the student of the order of subpoena in advance of compliance.
- Appropriate persons such as physicians when, due to an emergency, such information is necessary to protect the student's health or safety or that of other persons.

Students have the right to inspect their academic records and to challenge the contents.

Upon a signed request, Bacone College will provide transcripts of academic records. However, financial obligations need to be paid in order for the College to provide said transcripts.

While the permanent academic record is a cumulative record compiled by the student, the Registrar of the College is charged with the responsibility for its accuracy and safekeeping. Therefore, removal of the Registrar's assigned depository is not permitted.

Original credentials with which the student applies for admission or readmission to Bacone College become the property of the college and are not released.

NO-TOBACCO POLICY

Bacone College has adopted this policy prohibiting tobacco use in indoor campus areas. This policy is instituted to promote the health and well being of the campus community; to preserve and protect college property; and to provide a clean and healthy environment that is conducive to academic and athletic pursuits of students, faculty and staff.

The use of tobacco (includes, but is not limited to, cigarette, cigar, chew, pipe, snuff, pouch, and all other tobacco related products) is prohibited in all indoor areas of property owned or controlled by Bacone College, the Residence Halls and any covered walkway around the residence halls, Student Life areas and classrooms. Any area within 25 feet of an entrance door is also a prohibited area.

Designated smoking areas include:

- Snack Bar patio
- Locations outside campus facilities

Responsibility and Implementation of Policy:

- a) The President, Vice-President, Department Heads and all other supervisors are generally responsible for the implementation and enforcement of this Tobacco Policy. Bacone College expects, in light of the health issues involved, that people will comply with this policy out of self-interest and concern for others. However, complaints regarding this policy, or disputes regarding its implementation, should be referred to their immediate supervisor for resolution.
- b) All department heads will be responsible for assuring that this policy is communicated to everyone within their jurisdictions and to all new members of the campus community.
- c) Responsibility for honoring the provisions of this policy will be the obligation of all employee, students and visitors of Bacone College.

Resolution of Complaints and Enforcement of Policy:

The standard used in resolving complaints of disputes concerning the Tobacco Policy will be that the right to breathe clean air and function in a tobacco-free environment is superior to the choice of using tobacco. The success of the Tobacco Policy for Bacone College depends upon the thoughtfulness, consideration, and cooperation of tobacco and non-tobacco users. All members of the campus community have a responsibility to observe this no tobacco use policy. All employees and students are encouraged to remind others of the restrictions of the Tobacco Policy when appropriate.

Children on Campus Policy

I. Purpose

The purpose of this policy is to provide faculty, staff, and students with information necessary to follow the position the college believes will provide a safe campus while maintaining a learning environment for students and a disruption free workplace for our employees.

II. General

Bacone values the role of families in the lives of the faculty, staff and students of the College and has worked to develop policies and benefits that are supportive of balancing work and family life. It is recognized that there are those times under emergency conditions when it is absolutely necessary for an employee of the College to provide for a child for a brief period of time. These circumstances are not the issue addressed in this policy. It is further recognized that there are those times when brief visits occur when children may come to campus with other family members.

III. Policy

Except when the purpose of the visit is to attend classes or to participate in activities specifically scheduled for their benefit, it is the policy of the College that having minor children be present at

an office, classroom, or shop is inappropriate. Consequently, employees/students shall not bring any child with them when scheduled to work. In addition, if asked during scheduled working hours, employees should decline taking responsibility for another's child in the workplace. In conclusion, a child shall never be brought to campus unless to attend a class or to participate in activities specifically scheduled for their benefit or be left unattended at any time on campus property. Resident students may not babysit or have underage guests in the residence hall. Underage visitors are required to register with Housing first.

During situations when an employee's child is participating in classes or activities specifically scheduled for their benefit, it is expected that a professional and productive work environment will be maintained. It is further expected that consideration of and safety of the children, co-workers, and other campus residents will be maintained. If a child becomes disruptive, the parent or guardian must handle the situation immediately.

To prevent injury to children and to protect equipment from damage, children are not allowed in laboratories, shops, studios, power plant, food service areas, mechanical rooms, any areas containing machinery with moving parts, power operated equipment, maintenance shops, physical plant garage, or any area where air quality may be compromised.

IV. Responsibility

The Human Resources Office is responsible for implementing the College's Children on Campus Policy for faculty and staff. The Assistant Vice President of Student Life will be responsible for implementing the College's Children on Campus Policy for students.

V. Appropriate Dress

Our campus does not have a formal dress code for students in place. That being said, students are responsible for appropriate dress in the classroom and other areas on campus. The term "appropriate" shall include the definition that no undergarments are visible to others (excluding t-shirts). Instructors and other college officials may request a student who is a distraction to others by their mode of dress to address the issue immediately or be removed from the classroom, student activity or athletic function.

RESIDENTIAL LIFE HANDBOOK

Residential life at Bacone College is more than a place to sleep. It is an integral part of the College experience. The Residence Hall provides an atmosphere of belonging and friendship...a place where life-long friendships are made. The Residential Life Program provides a variety of facilities and competent personnel to assist you in academic and social development.

The Residential program consists of the Director of Housing and Hospitality and Housing Managers who are responsible for the buildings and grounds. These staff assist students in academic, social, physical, and spiritual development. Housing policies and regulations are established to ensure the safety, privacy and value systems of each resident and the total Bacone College Community. Our goal is to create an atmosphere that will promote integrity, honesty, spiritual growth and a feeling of community.

Six residential facilities are offered; Poloke Hall, Posey Hall, McCoy Hall, New Dorm Apartments, Walter Staff Hall and student rooms at the Bacone Conference Center. All applications for residence must be made to the Office of Housing and Hospitality.

Campus Living - The Residential Life Philosophy

Bacone College is a residential college and strives to accommodate as many students as possible on campus. Living with other students in campus residence facilities is significant for Bacone College students. Living in campus residence units challenges students to expand and explore their attitudes, values, and interests. Request for exemption from the College Housing policy to reside off campus will be considered when students meet the exemption standards of the policy and when extraordinary circumstances exist which justify the consideration of an exemption.

A positive relationship exists between the community and Bacone College. The College shares a commitment to continue this relationship by working with students to maintain the quality of the environment in neighborhoods surrounding the campus. The expectation for students who move off campus is that they will be a positive influence in the neighborhood in which they reside.

All residents of the campus are an integral part of the community and, as such, will assume an active role in developing and monitoring an atmosphere that promotes success for all members. As a community member, your rights and responsibilities must be balanced with the needs of your neighbors.

To assist in fulfilling the Residential Life Philosophy, there are several staff members that you should be aware of who are available and here for you. Feel free to contact the Housing Manager, Customer Service Representatives, Compliance Officer or the Director of Housing and Hospitality.

The rights of students living on campus:

- The right to a clean and healthy environment.
- The right to read, study and sleep in an environment free from undue interference and

- noise.
- The right to privacy and freedom with personal activities.
 - The right to expect that a roommate will respect your personal belongings.
 - The right to free access to your room without pressure or intimidation from your roommate.
 - The right to expect reasonable and cooperative use of room shared equipment and materials (internet, electricity, etc.).

Housing Managers

The Housing Manager is responsible for the overall administration and operation of the residence hall. The Housing Manager works closely with the housekeeping staff to ensure that the building is clean and in good working order.

Campus Opening/Closing of Residence Halls

Residence halls are open during the regular academic year from mid-August through mid-May. Official closings may include: Christmas Break, Fall Break, Thanksgiving Break and Spring Break. An official closing means the Residence halls are closed. It is the student's responsibility to notify the Director of Housing if you need to extend accommodations.

Students who must remain on campus during periods of residence hall closure will be housed at the Bacone Inn, rather than other residence halls. Students will be charged \$175 per week or \$25 day as space is available. A list of the holidays is outlined in the Academic Calendar located on the website, <http://www.bacone.edu>.

Halls are closed at 3:00 p.m. on the last day of classes and re-open at 1:00 p.m. on the day before classes resume. Exceptions will be made only to those approved through the Director of Housing and Hospitality. Meals are not available on-campus during periods of school closing.

- Close and lock all windows.
- Turn off all heaters/air conditioners.

- After the room has been inspected, the Housing Manager will either sign off on the room or assess fines on the checkout form. If damage has occurred, the resident's account will be charged for the amount of the damage.
- If you do not check out properly, or fail to check out, you will be charged for key replacement as well as for any damages or cleaning costs.

Any personal items left in the room are considered abandoned property and may be disposed of by the college. No abandoned property will be held for student reclamation.

Need to talk to someone about a problem?

It is not uncommon to experience loneliness and anxiety while at college. The best thing to do is to talk to someone. At Bacone College we want to listen. The first step in the process of getting help is to contact the Office of Student Life. Our staff will help you determine the program that best fits you and your situation. Give us a call at 918-360-6031.

Residence Hall Visitation

Visitors are welcome to visit students living in the residence halls at Bacone College. A visitor is defined as anyone who is not a resident of the dorm they are visiting. Visitors must obey campus rules and respect campus personnel. Hours listed apply to all areas of all Residence Halls.

Daily 8:00 a.m. - 12:00 a.m.

Visitation Boundaries are:

1. New Residence Hall and Conference Center — North, East, and South parking lot; and East and West Roadways.

The following rules apply to visitation:

1. Your guest must have a photo ID
2. You are responsible for the conduct of your guests and must accompany them at all times.
3. Visitors under the age of 18 will not be allowed in the halls, unless accompanied by parent or guardian or unless written permission is on file with the Housing Manager.
4. Any visiting non-student who exhibits undesirable behavior may be asked to leave campus.
5. Failure to escort your guest at all times or late guest departure may be considered a visitation violation.

Quiet Hours

Quiet hours are from 10:00 p.m. until 7:00 a.m. and apply to all hall public areas and rooms. Quiet hours are extended to 24 hours a day during finals week. Quiet times are designed to assist you in completing your studies and homework, or just a time for relaxation. During these hours, noise levels should be low enough that they cannot be heard outside your room.

Excessive noise will not be tolerated at any time. Frequent violations may result in relocation, removal of sound producing items (stereo, TV, musical instruments, etc.), a fine and/or your removal from the halls may occur.

Room Inspections

Bacone College retains the right to enter and inspect rooms at any time with reasonable cause for purposes related to maintenance, Campus Police and/or investigation of Bacone College violations. Without prior notice, Student Life/Housing staff may conduct room checks for health and sanitary conditions. If your room fails inspection a fine may be recommended. Maintenance workers will always try to let the staff know when they need to enter the rooms. In any event, they will always knock before they enter the room. Our Campus Compliance Officer will conduct routine rooms checks to ascertain needs of students as they relate to their campus living environment.

Telephones

Phone jacks are provided in each resident hall room for your convenience. You must provide your own telephone. Local telephone books can be obtained from the mailroom in the Palmer Center. The Housing Office can provide you with your telephone number and dialing instructions. Staff do not transfer incoming calls to student rooms.

Furniture and Equipment

No couches or large furniture are allowed in any of the housing units. Student rooms in McCoy Hall, Posey Hall and the Conference Center can accommodate a comfortable size chair. Common areas of the new dorm apartments can accommodate one (1) futon. No excessive amount of furniture is allowed in common areas of these units due to the need to keep the entry/exit clear in case of emergency. Darts and dartboards are not allowed in the Residence Halls due to potential wall damage, but are available in Student Life. Weightlifting equipment is available to Student Athletes in the Warrior Weight Room at the Bacone Commons. A variety of exercise equipment is available in the Student Life Center for all general students. Please leave any weight lifting equipment larger than hand held weights at home. Student Life provides a variety of board games, pool tables, ping-pong tables, and other sports equipment for your use.

We want our residence halls to have a standard appearance from the exterior. For that reason, hanging of blankets, flags, tin foil, etc., between the blinds and the windows is prohibited.

Extension cords are not allowed. Strip outlets can be used provided they have a fuse or circuit breaker within the unit. A strip outlet must be plugged directly into the wall and not into another strip outlet. Small appliances such as dorm refrigerators should be plugged directly into the wall.

Cooking and Dishwashing

Small microwave ovens may be used for warming snacks or microwave meals in your room. Residents are required to use disposable dishes, as the washing of dishes is not permitted. Do not dump food in the water fountain or the bathroom sinks. Left over food should be disposed of properly by placing it in the dumpster. Food should be stored in airtight containers and should not be left open. Inappropriately stored food or food not disposed of properly may result in a fine.

Candles, Lamps and Incense

Burning of candles, oil lamps, halogen lamps, incense, plug in air deodorizers or other burnable substances is not permitted in the residence halls due to potential fire hazard. Unauthorized use of such items will result in a fine.

Cable Television

Basic cable is provided in each student room for your entertainment. If the cable is not working properly, notify your Housing Manager. Any resident who tampers with or splices into Cable TV, telephone, or computer lines will be referred to the Director of Housing and/or Director of Student Services for discipline. Installation of satellite dishes is not allowed and will result in a fine.

Internet

All residential units have a cable modem for each resident in the room. Residents are responsible for appropriate use of the modems.

Lounges/Common Areas

The lounges and common areas are provided for your comfort and relaxation, as well as for all hall residents. Furnishings in the lounge may not be moved and must remain in the lounge. Please be considerate of your fellow residents when quiet hours begin.

Pets

With the exception of fish, pets are not permitted in the residence halls. Fines will be assessed and Animal Control officers will be instructed to pick up any unauthorized animal.

Housekeeping

Public Areas:

All public areas in the residence halls will be kept in a clean and sanitary condition. All residents should assist in keeping the public areas clean and clear of debris by disposing of soda cans, pizza boxes, trash, etc. The College provides routine cleaning of the restrooms and common areas of McCoy, Poloke, Walter Starr, and Posey Halls.

Your Room:

Each resident is expected to keep his/her individual room in a clean and sanitary condition. Trash must be placed in the dumpster provided outside each building. Trash is not to be placed in hallways or stairwells.

A, B & C Halls:

Residents of the A, B & C Halls are responsible for keeping their common areas, restrooms and rooms clean. Vacuum cleaners may be checked out from the Housing Office to keep the rooms clean.

Conference Center:

Residents of the Bacone Inn are responsible for keeping their rooms and restrooms clean. Vacuum cleaners may be checked out from the Housing Office to keep the room clean.

Trashing

It is our intent to provide a clean, safe, secure and sanitary residence for each of our students. Trashing includes the following offenses that will not be tolerated and will result in disciplinary action:

1. Throwing trash or garbage of any kind out of a window.
2. Leaving trash anywhere in or outside the residence halls (except in trash receptacle).
3. Sweeping out a room and leaving the debris in the hallway.
4. Water and shaving cream fights/throwing of water balloons (except in planned student activities).

If damages occur or extra cleaning is required from these actions, charges for repairs and

cleaning may be assessed to that pod, wing or building.

Vandalism

If your room or a common area has been vandalized, notify Campus Police immediately. Students are responsible for securing their assigned room and immediate living areas. In instances of vandalism to a shared living area that cannot be attributed to an individual, the entire floor will be charged. The minimum sanction for vandalism is the cost of material and labor to repair or replace vandalized items. Cost will be assessed to individuals identified or divided evenly among area residents.

SAFETY

Fire and Security Alarms

Fire and security alarms and cameras have been installed in many areas. Take a moment to locate the nearest fire alarm pull station and fire extinguisher in the event of an emergency. All occupants must leave the building when an alarm occurs.

Tampering with cameras, fire alarms and/or fire extinguishers or any type of safety equipment is a violation of State Law and will result in criminal charges, as well as fines assessed to those responsible. In the case where the individual responsible cannot be identified, all residents will be held responsible, and share in paying the fine.

Fireworks

Possession of fireworks or any explosive device on the campus is not permitted and will result in disciplinary action.

Pool Safety

The Bacone Conference Center pool is authorized for use by students during Student Life sanctioned events only. No lifeguard is on duty and all students swim at their own risk. The pool is closed for student use at other times.

Pod Door Security

The Pod Doors at the A, B and C dorms are the central entry for those residence halls. It is imperative to the safety and security of the pod residents that doors remain firmly closed to assure the safety of building occupants. Doors left propped open will result in discipline. Please be considerate of your pod mates and make sure doors remain closed.

EMERGENCY PROCEDURES

FIRE EVACUATION PROCEDURES

Fire Safety Awareness

An evacuation plan is posted at fire extinguisher boxes and on each floor. Know where your exits

are located. The following are some helpful tips to keep your room safe from risk of fire:

- Do not overload your electrical outlet.
- Turn off heat bearing appliances (e.g. irons, curling irons, etc.). Keep room exits and windows clear.
- Microwaves and refrigerators must be plugged directly into the outlet. Other electrical items should be plugged into a power strip with a surge protector
- The use of candles, incense, oil or halogen lamps, etc., is strictly prohibited.
- Toaster/broiler ovens, grills, bottled gas appliances or flammable liquids are strictly prohibited in the residence halls.
- If you see defective equipment or someone tampering with equipment, call 918-781-7200.

Bacone College takes every precaution to prevent fires in the Residence Halls. Take the following steps to ensure your safety if you hear the alarm or see a fire. a) remain calm b) act fast, but do not panic! c) In case of fire, place your hand on your room door to determine the following:

1. If the door is hot or if smoke is seeping in:
 - Do not open the door. Stay in your room. Let someone know you are there by opening your window just enough to hang a sheet out. This is a signal to those outside that someone is in the room and needs help.
 - Wedge a cloth or towel under the door. If water is available, soak the towels before placing them under the door.
 - Make a tent for yourself with the sheet in the window or cover your face with a wet cloth to avoid inhalation of smoke. Wait until you are rescued, especially if you are on the second or third floor.
2. If the door is cool:
 - Open the door slightly, but be ready to close it if you find smoke or flames in the corridor. Leave only if the corridor is free from smoke or flames.
 - If there is no smoke, take your room key and walk to the nearest fire exit.
 - If smoke is detected or if the corridor is dark, crawl to the exit, counting doors so you don't get lost.
 - Close all doors behind you.
 - Turn back if you encounter heavy smoke.
 - Leave the building as quickly as possible, using the proper exits and meet at your designated meeting area.

Conference Center

Walk quickly in a single file line down the covered hallway to the nearest fire exit. **DO NOT RUN!** Proceed immediately to the parking area behind the Inn (facing Save-a-lot). Wait there until your Housing Manager determines the presence of all residents or gives an all-clear signal.

Posey Hall

Walk quickly in a single file line down each side of the hallway to the nearest fire exit. Proceed

quickly across the lawn north toward the Warrior Gym. DO NOT go across the access road to the campus. If the fire exit is not passable, proceed to the stairway in the center of the building and out the front doors. Proceed to the front of Warrior Gym football practice field.

Walter Starr Hall

Walk quickly in a single file line down each side of the hallway to the nearest fire exit. Proceed quickly across the lawn north toward the Warrior Gym. DO NOT go across the access road to the campus. If the fire exit is not passable, proceed to the stairway in the center of the building and out the front doors. Proceed to the front of Warrior Gym football practice field.

McCoy Hall

Walk quickly in a single file line down each side of the hallway to the nearest fire exit. Proceed quickly out the front and the two side front doors and two side front doorways and go to the flagpole. DO NOT go across the access road in back of McCoy Hall. If you are in the basement, go out the back door and proceed around the building toward the flagpole. If the fire exit is not passable use another exit.

A, B & C Halls

Walk quickly out of your apartment. Proceed quickly to the football practice field. If you are unable to exit using the front door, crawl out of the window. If you are on the second floor, do not jump out of the window. Instead, climb out of the window and hold onto the windowsill. Allow your body to hang as low as it can and then drop to the ground. Proceed to the football practice field.

Your Housing Manager and Campus Police will be helping to evacuate the buildings. Help them by reporting to your designated evacuation area quickly, so they can begin a head count. Report any missing persons.

TORNADO SAFETY PROCEDURES

The State of Oklahoma is well known for severe weather conditions and tornados. The months of April through October are known as “Tornado Season”. The City of Muskogee has implemented a Tornado Warning System by placing sirens around the city. In case of such an emergency you will hear these sirens signaling loudly and continuously. DO NOT wait, go directly to your nearest area designated for protection.

In case of a tornado or high wind warning, leave your room at once:

Conference Center

Take a pillow with you. Proceed immediately to the campus Dining Hall located within the interior of the building on the first floor. Sit on the floor, knees to chest, head down with pillow over your head.

Posey Hall

Take a pillow with you. Proceed to the first floor; sit along the first floor hallway walls, knees to your chest, head down, pillow over your head.

McCoy Hall

Take a pillow with you. Proceed to the basement and sit along the hallway walls, knees to your chest, head down, and pillow over your head.

Walter Starr Hall

Take a pillow with you. Proceed to the ground floor and sit along the hallway walls, knees to your chest, head down, and pillow over your head.

A, B and C Halls

Take a pillow with you. Go immediately to the Warrior Gym. A Bacone College representative will direct you to either the locker room or restrooms. If there is not sufficient time to make it to the gym, go to a first floor apartment bathroom and shut the door to prevent injury from flying glass or debris.

Poloke Hall

Take a pillow with you. Proceed to the ground floor and sit along the hallway walls, knees to your chest, head down, and pillow over your head.

FIRE AND TORNADO DRILLS

You will be given instructions on fire safety before drills are performed. In compliance with Oklahoma State fire laws and for your own safety, fire drills will be conducted each semester, unannounced. It is mandatory that all residents participate in a fire drill so you will be prepared in the event of a real fire. Fines will be assessed for refusing to evacuate during a drill. You will find fire and tornado drill procedures posted in each wing and floor. The Residence Halls will also go over these procedures with you in a small group.

It is a proven fact that those who participate in such drills will not react in a panic at the real threat of a fire or tornado. You will be helping save your own life and that of others by participating and learning what to do in case of a fire or tornado.

Parking is free for currently enrolled students, but requires registration Housing. You may register for a parking decal or temporary pass at the Housing Office. Remember that each lot is permit parking only, and that your decal must match the lot decal to avoid fines, towing, or booting.

Parking decals are to be placed on the lower left driver's side window interior and must be visible from outside the vehicle. A parking permit is required each semester, even if you are a returning student. You must register your vehicle each semester and provide updated insurance, registration, and driver's license information to be issued a parking decal. The college is not responsible for any damage incurred to a vehicle when parked on campus.

The following rules and regulations pertain to all vehicles on campus:

1. All vehicles must be properly registered and insured.

PERSONAL SAFETY

Take a moment to program the non-emergency number for Campus Police into your phone; the number is (918) 781-7200. Report all lost or stolen items, suspicious behavior or criminal activity immediately to Campus Police.

Keep your room or apartment locked at all times, including use of the deadbolt where available. Make sure that others don't "piggyback" on your entry into buildings, and do not allow unsupervised guests in dorms. Call campus police or challenge people when you do not recognize them in your dorm; all students will have an ID to prove they belong on campus.

Personal possessions are the student's responsibility and appropriate steps should be taken to protect them. Look into insurance policies for valuables, and mark items in several conspicuous areas with an electric engraver. Try a unique identifier like your driver's license number (never your Social Security number!). Cable locks are an inexpensive way to prevent theft of laptops, desktop computers, video game systems, and televisions.

Fire Code stipulates that floor doors must remain closed at all times. It is a violation of state law to prop open exterior doors and fire escapes. Use of fire escapes, except under emergency conditions, is prohibited. Entry through windows is prohibited.

Some personal safety tips to consider are:

1. During semester check-in and checkout, do not leave your car unattended/unlocked if you have your belongings in it.
2. Avoid walking alone. Travel in pairs or groups, especially at night.
3. Walk on well-lit paths. If the lights are out on one path, use another. Avoid taking shortcuts through dark or deserted places.
4. Never allow an unknown person to enter the residence hall behind you when unlocking the door.
5. Before leaving or entering your car, check the area and the interior for potential danger.
6. Park in well-lit areas and never leave your keys in your car, even for a few minutes.
7. Report unlit areas or broken security lights and all incidents that you consider to be

- safety related to Campus Police.
8. If you think you are being followed, go to a populated place and notify the Campus Police.
 9. Keep your room door locked at all times.
 10. Carry your room key and student ID. Show your ID as requested by College officials.
 11. Report lost keys to Campus Police and Housing immediately.
 12. Register a contact person with the Housing Office.
 13. Keep your money in a bank account; carry as little cash as possible with you.
 14. If you are going to be away, even for one day, check out with your Housing Manager and let Campus Police know.

DRUG FREE POLICY

The College has established a drug-free policy that includes drug and alcohol testing. The purpose of testing is to determine whether the body system contains a detectable amount of illegal drugs or alcohol.

Students who are convicted of a violation of criminal law involving drugs, including a plea of no contest, are not eligible to receive Federal Financial Aid (Title IV funding). Students who are in violation of the drug-free policy may be subject to discipline up to and including expulsion.

The presence of such drugs or alcohol, if detected and verified at or in excess of the prohibited levels, will be grounds for discipline. A student's failure to properly execute and fully comply with the terms, conditions, and obligations of our policy will automatically result in disciplinary

sanctions.

1. All students are subject to random testing at any time.
2. All athletes are subject to testing as required by league and NAIA rules.
3. All students that College officials have reasonable suspicion to test are subject to testing.

The College's "Reasonable Suspicion" may be based on the following, among others not listed:

5. is offensive to a reasonable person under the circumstances in question and if not corrected, would interfere with an individual's academic or work performance or create or substantially contribute to an intimidating or hostile work, academic, or student living environment.

In determining whether the alleged conduct constitutes discrimination or harassment under this policy, consideration of the incident will include but not limited to the totality of the circumstances, the context in which the alleged incident(s) occurred, the relationship of the parties, whether the alleged offending party was asked to cease the offending conduct and principles of academic freedom.

Examples of types of harassment prohibited by this policy include:

- a) Verbal harassment, such as harassing phone calls, jokes, slurs, epithets, anecdotes, or other derogatory statements directed to an individual or group of individuals' race, color, religion, ancestry, national origin, gender, marital status, sexual orientation, age, disability, veteran status or any other classification protected by law other than in an appropriate academic study of such activity; or

Examples of situations where confidentiality cannot be maintained include circumstances when the College is required by law to disclose information and when disclosure is warranted by the College in order to protect the rights of others. In addition to these efforts, all parties to the alleged complaint should treat the matter under investigation with discretion and respect for the reputation of all parties involved. RESTATEMENT OF CLERY ACT POLICIES AND PROCEDURES

The following information is available in the [Annual Clery Act Disclosures](#) and is reproduced below.

Please visit <http://www.bacone.edu> and download the most recent copy of the [Disclosures](#).

If you are a victim of a sexual assault at this institution, your first priority should be to get to a place of safety and call 911.

You should then obtain necessary medical treatment and report the incident in a timely manner. Time is a critical factor for evidence collection and preservation. An assault should be reported directly to a law enforcement officer, and college officials will facilitate this process. Filing a police report will not obligate the victim to prosecute, nor will it subject the victim to scrutiny or judgmental opinions from officers. Filing

a police report will ensure that a victim of sexual assault receives the necessary medical treatment and tests, at no expense to the victim to the extent provided for by Oklahoma state law, and provide the opportunity for collection of evidence helpful in prosecution, which cannot be obtained later.

A victim of sexual assault should not wash, douche, use the toilet, or change clothing prior to reporting the sexual assault and undertaking an examination. Law enforcement officers will facilitate access to confidential counseling from counselors specifically trained in the area of sexual assault crisis intervention.

When a sexual assault victim contacts a law enforcement officer, investigators from the agency having jurisdiction will be notified. A representative for the college will also be notified and guide the victim through the available options and support the victim in his or her decision.

Bacone College does not offer counseling options, but law enforcement officials and college representatives are available to facilitate access to support services, which may be obtained through the Oklahoma Coalition Against Domestic Violence & Sexual Assault. Several service organizations in Oklahoma have provided telephone numbers and made available other services for students, faculty, staff and campus community members.

The Bacone College Campus Police Department will assist any interested person in contacting these agencies.

The institution will change a victim's academic and living situations after an alleged sex offense, if those changes are requested by the victim and are reasonably available. The accuser and the accused are entitled to the same opportunities to have others present during a disciplinary proceeding; and both the accuser and the accused must be informed of the outcome of any institutional disciplinary proceeding that is brought alleging a sex offense.

Compliance with this policy does not constitute a violation of the Family Educational Rights and Privacy Act (FERPA). For the purpose of this policy, the outcome of a disciplinary proceeding means only the institution's final determination with respect to the alleged sex offense and any sanction that is imposed against the accused. A student in violation the sexual misconduct policy will be criminally prosecuted in the state courts and will be subject to expulsion proceedings.

CRIMINAL VIOLATIONS

Criminal violations may be reported by calling 911, by calling Campus Police at (918) 781-7200, or in person to an officer.

Bacone College has its own campus police department, which has the same authority and arrest powers as a municipal police department. Each officer is duly sworn and commissioned in

accordance with Oklahoma state law and peace officer training standards and may enforce both criminal laws and the rules and regulations of Bacone College. Additionally, all campus police officers hold a commission with the Muskogee County Sheriff's Office and have powers of arrest throughout all of Muskogee County.

All criminal violations are reported and referred to either the Municipal Court of the City of Muskogee (many misdemeanor charges) or to the District Court for the County of Muskogee (some misdemeanor charges, all felony crimes).

More information about jurisdiction and authority may be found in the Clery Act Annual Disclosures, published on the College's website <<http://www.bacone.edu>>. **Criminal violations are separate and distinct from College discipline.**

CODE OF CONDUCT

Responsibility for the keeping of good discipline is vested in the Office of the President, and discipline may be applied in some order, any order, or no order provided that minimum due process is afforded to the student. The following policies and procedures are subject to change or modification at any time and serve only as a guideline to how disciplinary affairs are conducted to ensure due process is met:

It is expected that all Bacone College students conduct themselves in accordance with Bacone College expectations and standards as well as demonstrate a pattern of self-discipline. When a student violates standards of acceptable behavior at the College, the student breaks the agreement they made with the College to comply with its expectations and the expectations of society.

Students who violate the college behavioral expectations and standards are held accountable for their behavior. The principle of accountability promotes a climate of responsibility for one's own actions, which may include being counseled, advised, and when warranted, disciplined.

Violations of local, state and federal law are also violations of the student Code of Conduct. Parallel proceedings involving external discipline by the courts for criminal conduct and internal discipline by the College for Code of Conduct violations are the method by which criminal violations are resolved.

EXAMPLES OF CODE VIOLATIONS

The disciplinary authority of the College is vested in the President; the Campus Judicial Board and all other disciplinary bodies are recommending bodies to the College administration. Discipline may be applied in some order, any order, or no order.

While not an exhaustive list, the following is a guide as to some of the most serious violations of the Code of Conduct which may result in discipline up to and including suspension or expulsion:

REPORTING CODE VIOLATIONS

Any member of the Bacone College campus community may report information regarding an alleged incident of non-academic misconduct to the Director of Student Life, by the President's Hotline at <http://president.bacone.edu/?page_id=6> , or by calling the Campus Conduct Hotline at (866) 943- 5787. Confidential reporting is only available through the Campus Conduct Hotline.

The Director of Student Life shall assume responsibility for the resolution of the alleged incident and accept referrals for discipline from housing and Campus Police. All investigation is conducted by Campus Police.

SEARCH AND SEIZURE GUIDELINES

Because the College is private property, persons and vehicles are subject to search at all times. Students are entitled to some expectation of privacy in their dormitory rooms, and the College will generally not make entry into student rooms except:

1. By law enforcement officers in the performance of statutory duties and in accordance with legally defined procedures governing search and seizure.
2. By authorized College personnel or agents to make improvements and repairs and to provide routine maintenance services.
3. By authorized College personnel to ensure that health, fire, and safety regulations are maintained.
4. By authorized College personnel in emergency situations to protect the health and welfare of the student or to make emergency repairs to prevent damage to the property of the student and the College.
5. By authorized College officials when there is reasonable suspicion to believe violation of College rules or regulations has been, will be, or is being committed.

When it is necessary for authorized College personnel or their agents to enter a student's room when the occupant(s) is not in, there will be two staff members present, if it is possible. The student(s) will be notified of the entry and reason for the entry by use of a printed notice.

Pass keys will only be used if the occupant of the room cannot be located or if there is a reason to believe the delay would be potentially harmful to other residents or facilities, or would allow for disposing of evidence.

If contraband or items to be confiscated are found by Housing and are to be held as evidence in a student disciplinary hearing, Campus Police shall collect the items and Housing staff will notify the Director of Student Life or the Director of Housing, either before the items are confiscated or as soon as practical afterward.

SANCTIONS

The following sanctions may be imposed:

- a. Disciplinary Probation - Probation implies that the offense was of a more serious nature. The probation becomes part of the permanent record in the students file. The length of the probationary period will be defined for each case. When on disciplinary probation the student may, or may not be eligible to participate in activities in which the student would represent the College in intercollegiate activities. Violations during the probationary period will usually result in suspension.
- b. Community Service - The student will be required to perform a service for the college or the community. Total hours and assignment to be based on the nature and severity of the offense.
- c. Fines – A monetary fine may be assessed following the exhaustion of appeals. The fine will be posted to the student account and may be paid at the Business Office during normal business hours.
- d. Damages – (*for damage to college property only*) The student will be required to pay for any property damage or cost(s) of repair(s), separate from any fines.
- e. Suspension – The student is suspended from all classes and activities and may not be present on campus.

- f. Expulsion – The student is removed and permanently barred from attending.

DISCIPLINARY MEMBERS

All appeals shall be submitted to the Office of the President and forwarded to the appropriate body under the Disciplinary Policies.

DIRECT THREAT AND DISABILITIES

The College has developed its discipline policies and procedures to ensure they are consistent with those provisions of Section 504 with regard to individuals with disabilities who may pose a direct threat to the health or safety of others.

The direct threat policy and procedure is applicable in situations where the College proposes to take adverse action against a student whose conduct resulting from a disability poses a *significant risk* to the health or safety of others.

A *significant risk* constitutes a high probability of substantial harm and not just a slightly increased, speculative, or remote risk.

As it is inconsistent with the College's mission and purpose to subject students to adverse action on the basis of unfounded fear, prejudice and stereotypes, the Threat Assessment Committee will make an *individualized assessment* as to whether a student with a disability poses a direct threat

to the health or safety of others.

An *individualized assessment* is based on objective evidence and/or reasonable medical judgment(s) and requires consideration of the nature, duration, and severity of the risk and the likelihood, imminence and nature of the potential harm, as well as consideration of whether any reasonable modification of any relevant College policies, practices, or procedures will sufficiently mitigate the risk posed by the student without fundamentally altering the nature of the service, program or activity.

If an *individualized assessment* indicates that an exceptional circumstance exists, such as situations where safety is of immediate concern, the College may take interim steps including suspension.

The right to appeal will follow that of the Major Discipline policy, and the student will be notified by letter of any adverse action taken against them, applicable appeal procedures and deadlines.

MINOR DISCIPLINE

Minor Discipline includes all parking actions and disciplinary actions involving damages, probation, fines of one hundred dollars (<\$100.00) or less, community service of twenty (20) hours or less, and suspension of seven (7) days or less.

Minor Discipline may be imposed at the discretion of the Director of Student Life following a written notification to the student. Student Court to hear explanations/appeals of minor discipline sanctions is held each Tuesday from 2-4 p.m. in the Student Life Center Judicial Hearing Room. Appeal of a minor discipline sanction must be made by the student at the above outlined Hearing Room between 2-4 pm of the Tuesday immediately following the ticket/fine. After that time, all tickets will stand as written and proposed fine placed on the student's account. Students are encouraged to bring a written explanation/appeal to the Hearing Room for the official record.

Students subject to Minor Discipline have the right to request an appeal the discipline imposed by the Director of Student Life. The request for an appeal may be made to the APPEALS COMMITTEE, provided that (i) the request is made in writing within ten (10) days of the imposition of discipline, (ii) the written request includes a basis for reconsideration, (iii) and any statement, exhibit, or other evidence to be considered is included with the written request.

The APPEALS COMMITTEE may consider the written appeal either by correspondence or *en banc*; the Council shall either affirm the decision of the Director of Student Life or dismiss the matter. This review will be based on plain error or misapplication of policy. If a case of plain error or misapplication of policy is found, the Appeals Review Committee will dismiss the matter.

The decision of the APPEALS COMMITTEE MAY BE APPEALED TO THE PRESIDENT. THE PRESIDENT MAY OR MAY NOT ACCEPT THE APPEAL AND MAY OR MAY NOT REFER THE APPEAL TO THE MANAGEMENT TEAM. If an appeal is heard, the President may affirm or remand to the Appeals Committee for reconsideration consistent with policy. THE

PRESIDENT'S DETERMINATION IS FINAL.

MAJOR DISCIPLINE

Major Discipline includes all disciplinary actions involving fines of more than one hundred dollars (>\$100.00) or more, community service of more than twenty (20) hours, suspension of more than seven (7) days, and expulsion.

This process is meant to provide the broadest due process for the student and balance the actions of the administration. Students may elect to waive this process in writing, except in the case of expulsion.

Following initial referral for discipline, the Director of Student Services will conduct a summary hearing in which the referral will be read to the Student, the Student will have the opportunity to present a written statement regarding the referral, and a prepared statement may be submitted by the Student for consideration. The Director of Student Services will then make a written finding and impose discipline if warranted.

(In cases of urgency, such as those involving violence or behaviors that put the campus at risk, interim discipline may be imposed immediately with an automatic right to rehearing at the first practical opportunity.)

Students subject to Major Discipline have the right to request a rehearing from the Appeals Committee, provided that (i) the request is made in writing within ten (10) days of the imposition of discipline, (ii) the written request includes a basis for rehearing, (iii) and any statement, exhibit, or other evidence to be considered is included with the written request. (*Appeal from expulsion is automatic.*)

The rehearing shall be *de novo* with no formal rules of procedure or evidence or any requirement to hear witnesses. The Council will MAKE RECOMMENDATIONS to the Director of Student Services for imposition of discipline.

Following AN APPEAL TO the Appeals Committee, students have the right to appeal to the Judicial Council on the basis of plain error or misapplication of policy provided that (i) the request is made in writing within ten (10) days of the imposition of discipline, (ii) the written request includes a basis for appeal, (iii) and any new information, statement, exhibit, or other evidence that came to light after the hearing is included with the written request. Information, statement, exhibit, or other evidence presented to the Council will not be reviewed *de novo*. (*Appeal from expulsion is **not** automatic; an appeal must be requested.*)

Once the student has exhausted all other forms of appeal, a final appeal may be made to the President.

THE PRESIDENT MAY OR MAY NOT Hear an Appeal and may refer the Appeal to MANAGEMENT TEAM AND CONSIDER THEIR RECOMMENDATIONS.

If an appeal is heard, the President may affirm or remand to the Appeals Committee for

reconsideration consistent with policy.

The decision of the PRESIDENT to hear an appeal, refer an appeal, or make a finding is final
