

These reports contain the Fall to Fall retention rates for all degree-seeking Bacone students. Those classified as “special” or as “non-degree” are not included in the mix.

Retention rates are calculated by dividing the number of students returning in the “retained to” semester by the number of students enrolled in the “retained-from” semester after making the following corrections.

- Corrections for suspensions.
- Corrections for graduations.
- Corrections for no-shows in either the “retained-from” or “retained-to” semester.

Students reinstated after an appeal are not corrected for, nor are students returning after earning a degree.

All Degree Seeking
